EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Arthur J. Behiel on 5/12/04.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 6, after "comprising", insert "in the following order".

In claim 11, line 5, after "comprising", insert "in the following order".

2. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a photolithographic process including the step of focusing a photolithographic image followed by adjusting the focus of the photolithographic image by an offset equal to the thickness of the second material layer after formation of the first mask over the second material layer as the context of claim 1.

The prior art also does not teach or suggest a photolithographic process sequence for manufacturing MEMS structures including the step of focusing a second photolithographic image followed by defocusing the second photolithographic image by an offset equal to the thickness of the second material layer as the context of claim 11.

Art Unit: 1765

3. The closest prior art Farino et al (5,783,340) disclose a photolithographic process for manufacturing MEMS structures including the step of focusing using a focusing cavity and the focus is automatically adjusted but fail to teach the adjusting the focus of the photolithographic image by an offset equal to the thickness of the second material layer after formation of the first mask over the second material layer as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
